

Tooba Bint E Manzoor

Profile

I am a dedicated BDS student passionate about dentistry, healthcare, and innovation. With strong leadership qualities, effective communication skills, and a creative mindset, I thrive in problem-solving and teamwork environments. I believe in continuous learning and adapting to new challenges in the ever-evolving field of dentistry and healthcare. I am always eager to learn, adapt, and contribute to the field of dentistry through innovation and a patient-centric approach. My goal is to refine my expertise while making a meaningful impact in the healthcare industry.
